January 21, 2022

To the residents of Bordentown Twp., Fire District #1,

On February 19, 2022, the Commissioners of Bordentown Township Fire District # 1 are seeking the public's approval to exceed the 2% tax levy cap set forth by the State of New Jersey during a special election being held at our fire headquarters (Mission Fire Company).

The purpose of requesting the public's support is in efforts to combat the steady increase of operating expenses that have been plaguing Fire District #1 for the past several years. It has always been Fire District #1's priority to provide first-rate Fire/EMS services to all district and township residents, while maintaining the utmost amount of fiscal responsibility.

With the rising cost of goods/services, outdated equipment/apparatus, and pending retirements, all coupled with the steady growth of Fire District #1 and township as a whole; the board has reached a crossroads wherein we must call on the public for assistance in order to maintain the exceptional services provided to all residents.

By way of the public's generosity, the Board would utilize the additional tax revenue to hire two additional employees, begin replacing outdated air packs that will soon become obsolete, perform much needed maintenance on aging apparatus, as well as replenish a dwindling savings that has been used to offset the tax burden on our residents for several years. The additional funds will also allow the Fire District the ability to retain our current highly trained and experienced personnel to not only shape our organization for many years to come, but also maintain an exceptional level of service, the public has come to expect.

It is the District's utmost priority to be as transparent as possible and hold a public information session at our station and via Zoom in efforts to provide more detailed information and answer any questions or concerns that may arise.

Public Meeting: January 27, 2022 / Time: 7:00-8:00 pm / Location: Mission Fire Company

Zoom: Link will be posted on www.missionfire.org

Registration link for meeting contained within calendar under 1/27/22

We thank you in advance for the continued support!

Board of Fire Commissioners, Bordentown Twp. Fire District #1
